IMPACTS OF COVID-19 ON INDIAN ECONOMY

IMPACTS OF COVID-19

ON VARIOUS SECTORS OF INDIAN ECONOMY

PRODUCTION AND SUPPLY:-

ESSENTIAL GOODS AND SERVICES:-

- Will be continued to feed and serving all type of people, during lockdown.
- Example:-
Food, Water, Medicines etc.

NON-ESSENTIAL GOODS AND SERVICES:-

- Temporarily restricted during lockdown.
- Example:- Car, furniture, clothes, jewellery etc.
- But from lockdown 4.0 a big relief has been given in this sectors.

STOCK MARKET:-

- W.H.O. Declared Covid-19 As A Pandemic In 2nd Week Of March.
- It Effected Indian Stock Market At Big Level.
- Nifty Went Down By 35% In India.
- Secuirity's Prices Went Down.
- INDIA Has TO Bear A Big Loss In Portfolio Investment.

Best Trading Strategies in Stock Market

EMPLOYMENT SECTOR:-

- ◇ Types Of Offices, Businesses, Factories, Companies Remained Closed Till End Of Lockdown3.0 .
- ◇ As A Result , Lakhs Of People Became Temporarily Unemployed In Lockdown.
- ◇ But Indian Govt. Put An Idea And Started 'WORK FROM HOME' Mission.
- ◇ Govt. Also Gave An Economic Help To Daily Working Labours (1,000Rs.P/w) And All Laidies (500Rs.p/m).

MEDICAL SECTOR:-

Positive Effect

- Increasing Demand Of Medicines, M.Services And Products Like Mask, Hand Sanitizer etc.

Increasing Awareness In People Regarding Medical Issues.

- *Increasing Income Of Medical Employees.*

CONCLUSION:-

- In Shortly We Can Say That COVID-19 Has effected The World's Economy Very Badly Including India.
- Some Sectors Like Medical And Insurance Got The Benefit Of Situation But Some Sectors Went So Down In Losses That It Can Be Take Years To Revive Them Again.
- Thus,Govt. And The Public Have To Take Some Hard Steps In Near Future To Revive The Economy.
